SUMMARY

Motivated Computer Science Engineering student at VIT Bhopal with a **CGPA of 8.6**, passionate about **software development and AI-driven solutions**. Skilled in web development with basic to intermediate proficiency in **C++, Python, HTML, CSS, JavaScript, React.js, Node.js, ASP.NET and MySQL**. Experienced in developing web applications and **eager to explore software engineering through hands-on learning, collaboration, and mentorship**. **Seeking an internship to gain exposure to various software engineering disciplines, collaborate with diverse teams, and enhance problem-solving skills in a hands-on learning environment.**

PROJECTS

VITB Medical Assistance

Group Project at College • December 2024 - January 2025

Role Description

Frontend Developer for the **VITB Medical Assistance Web Application**, responsible for designing and implementing the user interface using HTML, CSS, and JavaScript. Focused on creating an intuitive, responsive, and user-friendly experience for students and faculty accessing medical services. Collaborated with the team to ensure seamless integration of front end components with back end functionalities.

Project Description

VITB Medical Assistance is a web-based medical portal developed for VIT Bhopal University to **streamline healthcare services for students and faculty**. The platform provides **easy access to medical records, appointment scheduling, and essential health resources**. Developed as a group project, the application enhances communication between users and university medical staff, ensuring efficient healthcare management within the campus

EDUCATION

Bachelor of Technology in Computer Science

VIT Bhopal University • Bhopal, Madhya Pradesh, India • 2027 • 8.66

10+2 Science (PCM)

Doon International School • Bhubaneswar, Odisha, India • 2023 • 76%

10th

DAV Public School • Angul, Odisha, India • 2021 • 96%

EXPERIENCE

Intern

NTPC • May 2025 - June 2025

Developed a **Query Resolution Dashboard** for IT and other departments using **ASP.NET Framework and SQL Server**. Gained **hands-on experience with server-side framework operations within a power plant environment**. Also observed HR processes related to **employee data management and financial audits** conducted through Salesforce.

Core Member in Web Development Team

VIT Bhopal University • iCreate Club • January 2025 - Present

As a **designer and frontend developer in the web development team of the club**, I focus on creating visually appealing and user-friendly interfaces for club-related websites and platforms. My role involves **designing layouts, enhancing user experience using Figma, and implementing responsive designs using HTML, CSS, and JavaScript** to ensure seamless interaction and functionality. I collaborate with the team to develop engaging digital experiences that **align with the club's objectives**.
