SUMMARY

Motivated Computer Science Engineering student at VIT Bhopal with CGPA 8.6, focused on software development and AI-driven solutions. Skilled in web development and competitive programming with proficiency in C++, Python, HTML, CSS, JavaScript, React.js, Node.js, ASP.NET, and MySQL. Experienced in developing web applications and passionate about algorithmic problem-solving. Seeking internship opportunities to gain exposure to various software engineering disciplines and enhance technical skills.

Competitive Programming Achievements: LeetCode Rating: 1473 (max: 1473) with 200+ problems solved | CodeChef Rating: 1018 (1-star) with 15+ contests participated | Codeforces Rating: 788 (Newbie) with 100+ problems solved | AtCoder Rating: 16 with active participation in beginner contests

EDUCATION

VIT Bhopal University

Bachelor of Technology in Computer Science Engineering

- CGPA: 8.6/10.0

Bhopal, Madhya Pradesh, India

August 2023 – August 2027

Doon International School

Higher Secondary Certificate (10+2) - Science (PCM)

Bhubaneswar, Odisha, India

August 2022 – May 2023

DAV Public School

Secondary School Certificate (10th)

Angul, Odisha, India

August 2020 – May 2021

TECHNICAL SKILLS

Programming Languages: C++ (Intermediate)

Tech Stack: HTML, CSS, JavaScript (Intermediate), Figma (Basic)

Core Computer Concepts: Object-Oriented Programming, Operating Systems, SQL

EXPERIENCE

Intern

NTPC Limited

May 2025 – June 2025

Angul, Odisha, India

- Developed Query Resolution Dashboard for IT and departmental teams using ASP.NET Framework and SQL Server, reducing ticket resolution time by 30%
- Enhanced backend functionalities to streamline internal ticket resolution and interdepartmental communication
- Observed HR workflows involving employee data management and financial audits facilitated through Salesforce

EXTRACURRICULAR ACTIVITIES

Core Member - Web Development Team

iCreate Club, VIT Bhopal University

January 2025 – Present

Bhopal, Madhya Pradesh, India

- Designed responsive club websites using HTML, CSS, and JavaScript
- Created appealing UI layouts and enhanced user experience through Figma prototypes
- Partnered with cross-functional teams to deliver digital solutions for events
- Applied mobile-friendly designs aligned with club's branding requirements
- Boosted club engagement through improved web presence and interface design

PROJECTS

VITB Medical Assistance Web Portal | HTML, CSS, JavaScript

January 2025

- Created responsive user interfaces for university medical portal serving 1000+ students
- Established intuitive experience for students and faculty to access medical services online
- Developed core features including appointment scheduling, medical records, and health resources
- Worked with team of 4 developers to ensure seamless frontend-backend integration
- Applied responsive design principles ensuring desktop and mobile compatibility
- Boosted user engagement through improved interface design, testing with 10+ users

CERTIFICATIONS

Introduction to Machine Learning

NPTEL Certification
